

Position Description – Consultant

Date: 9/9/2022

Position: Consultant

Company Background

SolutionsX is a privately owned, customer driven organization. We provide implementation and development services to Infor CloudSuite Industrial / Syteline ERP customers, primarily in the manufacturing sector.

We are pleased to announce the opportunity for a Consultant position. This individual will join our excellent team of developers, and consultants based at our home office in Fort Wright, KY. Position has flexibility to operate remotely if appropriate.

Primary Responsibilities:

- Lead and manage full scale ERP implementation projects
- Follow a designed methodology of stage-based project execution
- Perform discovery activities to determine client needs
- Assist clients with design of business processes to achieve business goals with no (or minimal) system modification, applying practical knowledge and experience when appropriate
- Identify gaps in software or processes and model solutions to be executed by development team
- Train users on use of ERP and related software
- Perform conference room pilot sessions, testing out all business processes for validation prior to Go-Live
- Support cutover and Go-Live activities, as well as post-Go-Live stabilization
- Actively participate in continuing education, to stay apprised of the latest functionality of Infor CloudSuite Industrial /Syteline
- Travel to client facilities for live sessions
- Manage scope, timeline and deliverables to ensure a successful project execution
- Manage/work a portfolio of multiple projects concurrently

Required Qualifications:

- Minimum 5 years of proven experience with one or more ERP solutions. Experience with Infor CloudSuite Industrial / Syteline preferred
- Bachelor's degree in relevant subject area (business, technical, etc.)
- Ten (10) or more years of experience, with knowledge of major business areas (accounting, operations, supply chain, etc.)
- Exceptional interpersonal, oral and written communication skills

- Demonstrated ability to communicate diplomatically and effectively with client staffing at all levels, from production employees to executive-level
- Proven experience serving as a project lead and motivating teams to action
- Strong aptitude of technology tools and solutions
- Demonstration of critical thinking skills and ability to analyze details and translate into the “big picture” view
- Able to work remotely and achieve results with little oversight or direction
- Ability to travel up to 50% (primarily domestic, potential for some international)

Compensation and Benefits

Compensation is a combination of base salary plus incentive for achieving billing targets. Benefits include unlimited vacation, full healthcare package including vision and dental, and 401K with company matching.

EEO
